About ALIET:

Andhra Loyola Institute of Engineering and Technology (ALIET) is a sister-institute of the reputed Andhra Loyola College, Vijayawada. These two institutes are administrated and run by the Loyola college society Guntur – Vijayawada. ALIET was approved by AICTE, New Delhi. The institute is recognized by the Government of Andhra Pradesh and affiliated to JNTUK, Kakinada.

ALIET imparts technical education in realm of higher education with integral formation, which involves academic excellence, spiritual growth, social commitment; value based education and facilitates the empowerment of students to be men and women for others.

The institute is offering 6 UG programmes in engineering with an intake of 540, 2 PG programmes in M.Tech and MBA.

About CSE Department:

The Department of Computer science and Engineering was established in the year 2008 with a view to develop adequate technical knowledge with quality and with a spirit of Magis (ever greater)". The Department offers the four year Undergraduate program in computer science and Engineering and Two year Post graduate program in computer science and Engineering.

Our vision is to equip our students with adequate technical knowledge that promotes them for development in academics, which will cater for industrial needs and for the benefit of society.

Our Mission is to produce best quality Computer Science Professionals through Intellectual inputs and to impart quality training, hands on experience to solve the real world problems.

The Department has the strength of 29 well qualified, dedicated faculty members and modernized laboratory facilities. The faculty and students are encouraged and motivated to enhance the research and academic activities. A good number of students are being placed through campus placements core MNC companies every year.

About the Conference:

This National Conference on "Recent Trends in Advanced Computing 2016" (NCRTIAC2k16) aims to provide a platform for researchers, engineers, academicians, scientists as well as industrial professionals from all parts of India to present their research results and development activities in computing.
